ERIC CHAN

SOFTWARE ENGINEER

(925) 548-6416 chaneric022@gmail.com Chicago, IL 60654

About Me

Innovative Master's candidate in Artificial Intelligence with background in back-end programming and program design. Proficient in multiple programming languages and eager to learn, grow, and gain hands-on experience in new technologies. Detail-oriented and organized, skilled at handling multiple tasks efficiently and maintaining high levels of accuracy. Strong work ethic demonstrated through consistent completion of assignments quickly with minimal errors, contributing to overall success of projects and tasks.

Skills

- Artificial intelligence applications
- System design
- Data management
- SQL databases
- Scripting languages
- Testing and debugging
- Strategic planning and analysis
- Full-Stack Development

Experience

Jun 2024 - Sep 2024

GAMIFICATION INTERN
Skillwaze, San Ramon, CA

- Reviewed insights and user engagement data to identify trends and target areas in need for improvement and user retention.
- Designed and tested 7 new gamification strategies/features, resulting in a total of 18.5% increase in engagement for users.
- Collaborated with multiple teams to craft fun and interesting gamification features, aligning the game mechanics with key user and business objectives.

Oct 2022 - Jun 2025

SAT TUTOR
Summer SAT, Irvine, CA

- Analyzed practice-test results and performance, allowing students to focus study time on high-impact areas.
- Helped students achieve an average 100-200 point increase in SAT scores through targeted practice, personalized study plans, and test-taking strategies.
- Developed customized lesson plans and practice materials aligned with SAT question types, difficulty levels, and student performance.

Education

Expected graduation **2028**
MASTER OF SCIENCE (M.S.) IN ARTIFICIAL INTELLIGENCE CANDIDATE
DePaul University,
Chicago, IL, US

Jun 2025
BACHELOR'S DEGREE IN INTERACTIVE MEDIA AND GAME DESIGN
University of California Irvine,
Irvine, CA

May 2022
ASSOCIATES DEGREE IN COMPUTER SCIENCE
Diablo Valley College,
Walnut Creek, CA

Sep 2012 - May 2019

EAGLE SCOUT

Boy Scouts of America, San Ramon, CA

- Planned, led, organized and supervised troop trips and personal Eagle Scout project, following safety protocols and utilizing effective conflict resolution strategies.
- Led a team of 20 volunteers in completing a community service project totaling 200-250 volunteer hours.
- Executed an 8 month project from initial proposal through completion, coordinating volunteers, materials, logistics, and project timelines.

Proficiencies

Programming Languages: Python, Java, C++, C#, SQL, HTML
Applications: GitHub, Jira, Microsoft Office

Coursework

- Object Oriented Programming
- Databases and Analytics
- Applied Algorithms and Structures
- Project Management
- Computer Engineering
- Assembly Language
